

Anti-CXCR4 Monoclonal Antibody

Catalog # ABO14365

Specification

Anti-CXCR4 Monoclonal Antibody - Product Information

Application	WB, IHC, IF, ICC
Primary Accession	<u>P61073</u>
Host	Rabbit
Isotype	Rabbit IgG
Reactivity	Human, Mouse
Clonality	Monoclonal
Format	Liquid
Description	
Anti-CXCR4 Monoclonal Antibody .	Tested in WB, IHC, ICC/IF applications. This antibody reacts with
Human, Mouse.	

Anti-CXCR4 Monoclonal Antibody - Additional Information

Gene ID 7852

Other Names

C-X-C chemokine receptor type 4, CXC-R4, CXCR-4, FB22, Fusin, HM89, LCR1, Leukocyte-derived seven transmembrane domain receptor, LESTR, Lipopolysaccharide-associated protein 3, LAP-3, LPS-associated protein 3, NPYRL, Stromal cell-derived factor 1 receptor, SDF-1 receptor, CD184, CXCR4

Application Details WB 1:100-1:200
IHC 1:50-1:200
ICC/IF 1:50-1:200

Contents

Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA.

Immunogen A synthesized peptide derived from human CXCR4

Purification Affinity-chromatography

Storage

Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles.

Anti-CXCR4 Monoclonal Antibody - Protein Information

Name CXCR4

Function

Receptor for the C-X-C chemokine CXCL12/SDF-1 that transduces a signal by increasing intracellular calcium ion levels and enhancing MAPK1/MAPK3 activation (PubMed:10452968, PubMed:18799424, PubMed:24912431, PubMed:28978524). Involved in the AKT signaling cascade (PubMed: 24912431). Plays a role in regulation of cell migration, e.g. during wound healing (PubMed: 28978524). Acts as a receptor for extracellular ubiquitin; leading to enhanced intracellular calcium ions and reduced cellular cAMP levels (PubMed:20228059). Binds bacterial lipopolysaccharide (LPS) et mediates LPS-induced inflammatory response, including TNF secretion by monocytes (PubMed:11276205). Involved in hematopoiesis and in cardiac ventricular septum formation. Also plays an essential role in vascularization of the gastrointestinal tract, probably by regulating vascular branching and/or remodeling processes in endothelial cells. Involved in cerebellar development. In the CNS, could mediate hippocampal-neuron survival (By similarity).

Cellular Location

Cell membrane; Multi-pass membrane protein. Cell junction. Early endosome. Late endosome. Lysosome. Note=In unstimulated cells, diffuse pattern on plasma membrane. On agonist stimulation, colocalizes with ITCH at the plasma membrane where it becomes ubiquitinated. In the presence of antigen, distributes to the immunological synapse forming at the T- cell-APC contact area, where it localizes at the peripheral and distal supramolecular activation cluster (SMAC)

Tissue Location

Expressed in numerous tissues, such as peripheral blood leukocytes, spleen, thymus, spinal cord, heart, placenta, lung, liver, skeletal muscle, kidney, pancreas, cerebellum, cerebral cortex and medulla (in microglia as well as in astrocytes), brain microvascular, coronary artery and umbilical cord endothelial cells lsoform 1 is predominant in all tissues tested

Anti-CXCR4 Monoclonal Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- <u>Western Blot</u>
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- <u>Cell Culture</u>

Anti-CXCR4 Monoclonal Antibody - Images

All lanes use the Antibody at 1:500 dilution for 1 hour at room temperature.

All lanes use the Antibody at 1:500 dilution for 1 hour at room temperature.

All lanes use the Antibody at 1:500 dilution for 1 hour at room temperature.

Western blot analysis of CXCR4 expression in Jurkat cell lysate.

Immunohistochemical analysis of paraffin-embedded human cervical carcinoma, using CXCR4 Antibody.

Immunofluorescent analysis of Jurkat cells, using CXCR4 Antibody.

All lanes use the Antibody at 1:500 dilution for 1 hour at room temperature.

Immunofluorescent analysis using the Antibody at 1:50 dilution.
