

FBP
Rabbit Monoclonal antibody(Mab)
Catalog # AD80605

Specification

FBP - Product info

Application	IHC-P
Primary Accession	P15328
Reactivity	Human
Host	Rabbit
Clonality	Monoclonal
Calculated MW	29819

FBP - Additional info

Gene ID **2348**

Other Names

Folate receptor alpha, FR-alpha, Adult folate-binding protein, FBP, Folate receptor 1, Folate receptor, adult, KB cells FBP, Ovarian tumor-associated antigen MOv18, FOLR1, FOLR

Storage

Maintain refrigerated at 2-8°C

FBP - Protein Information

Name FOLR1

Synonyms
Function

FOLR

Binds to folate and reduced folic acid derivatives and mediates delivery of 5-methyltetrahydrofolate and folate analogs into the interior of cells (PubMed:[19074442](#), PubMed:[23851396](#), PubMed:[23934049](#), PubMed:[2527252](#), PubMed:[8033114](#), PubMed:[8567728](#)). Has high affinity for folate and folic acid analogs at neutral pH (PubMed:[23851396](#), PubMed:[23934049](#), PubMed:[2527252](#), PubMed:[8033114](#), PubMed:[8567728](#)). Exposure to slightly acidic pH after receptor endocytosis triggers a conformation change that strongly reduces its affinity for folates and mediates their release (PubMed:[8567728](#)). Required for normal embryonic development and normal cell proliferation (By similarity). Cell membrane; Lipid-anchor, GPI-anchor Apical cell membrane; Lipid-anchor, GPI-

Cellular Location

Tissue Location

anchor Basolateral cell membrane; Lipid-anchor, GPI-like-anchor. Secreted Cytoplasmic vesicle. Cytoplasmic vesicle, clathrin-coated vesicle. Endosome. Note=Endocytosed into cytoplasmic vesicles and then recycled to the cell membrane
Primarily expressed in tissues of epithelial origin. Expression is increased in malignant tissues. Expressed in kidney, lung and cerebellum. Detected in placenta and thymus epithelium.

FBP - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)
