

**MAP2 Antibody (clone MT-08)**  
**Mouse Monoclonal Antibody**  
**Catalog # ALS11988**

**Specification**

---

**MAP2 Antibody (clone MT-08) - Product Information**

Application	IHC
Primary Accession	<a href="#">P11137</a>
Reactivity	Human, Mouse, Pig, Bovine
Host	Mouse
Clonality	Monoclonal
Calculated MW	200kDa KDa

**MAP2 Antibody (clone MT-08) - Additional Information**

**Gene ID** 4133

**Other Names**

Microtubule-associated protein 2, MAP-2, MAP2

**Target/Specificity**

The antibody MT-08 recognizes an epitope (aa 1375-1395) located in central domain of molecule Microtubule Associated Protein 2ab (MAP2ab).

**Reconstitution & Storage**

Short term 4°C, long term aliquot and store at -20°C, avoid freeze thaw cycles.

**Precautions**

MAP2 Antibody (clone MT-08) is for research use only and not for use in diagnostic or therapeutic procedures.

**MAP2 Antibody (clone MT-08) - Protein Information**

**Name** MAP2

**Function**

The exact function of MAP2 is unknown but MAPs may stabilize the microtubules against depolymerization. They also seem to have a stiffening effect on microtubules.

**Cellular Location**

Cytoplasm, cytoskeleton. Cell projection, dendrite {ECO:0000250|UniProtKB:P20357}

**MAP2 Antibody (clone MT-08) - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

#### **MAP2 Antibody (clone MT-08) - Images**

Anti-MAP2 antibody IHC of human brain, cortex.

#### **MAP2 Antibody (clone MT-08) - Background**

The exact function of MAP2 is unknown but MAPs may stabilize the microtubules against depolymerization. They also seem to have a stiffening effect on microtubules.
