

CSE1L Antibody (aa1-50)
Rabbit Polyclonal Antibody
Catalog # ALS15036**Specification**

CSE1L Antibody (aa1-50) - Product Information

Application	IF, WB, IHC
Primary Accession	P55060
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Calculated MW	110kDa KDa

CSE1L Antibody (aa1-50) - Additional Information**Gene ID** 1434**Other Names**

Exportin-2, Exp2, Cellular apoptosis susceptibility protein, Chromosome segregation 1-like protein, Importin-alpha re-exporter, CSE1L, CAS, XPO2

Target/Specificity

CSE1L Antibody detects endogenous levels of total CSE1L protein.

Reconstitution & Storage

Store at -20°C for up to one year.

Precautions

CSE1L Antibody (aa1-50) is for research use only and not for use in diagnostic or therapeutic procedures.

CSE1L Antibody (aa1-50) - Protein Information**Name** CSE1L**Synonyms** CAS {ECO:0000303|PubMed:7479798}, XPO2**Function**

Export receptor for importin-alpha. Mediates importin-alpha re-export from the nucleus to the cytoplasm after import substrates (cargos) have been released into the nucleoplasm. In the nucleus binds cooperatively to importin-alpha and to the GTPase Ran in its active GTP-bound form. Docking of this trimeric complex to the nuclear pore complex (NPC) is mediated through binding to nucleoporins. Upon transit of a nuclear export complex into the cytoplasm, disassembling of the complex and hydrolysis of Ran-GTP to Ran-GDP (induced by RANBP1 and RANGAP1, respectively) cause release of the importin-alpha from the export receptor. CSE1L/XPO2 then return to the nuclear compartment and mediate another round of transport. The directionality of nuclear export is thought to be conferred by an asymmetric distribution of the GTP- and GDP-bound forms of Ran between the cytoplasm and nucleus.

Cellular Location

Cytoplasm. Nucleus. Note=Shuttles between the nucleus and the cytoplasm.

Tissue Location

Detected in brain, placenta, ovary, testis and trachea (at protein level) (PubMed:10331944). Widely expressed (PubMed:10331944). Highly expressed in testis and in proliferating cells (PubMed:10331944, PubMed:7479798).

Volume

50 μ l

CSE1L Antibody (aa1-50) - Protocols

Provided below are standard protocols that you may find useful for product applications.
