

Anti-DIABLO Antibody Catalog # AN2113

Specification

Anti-DIABLO Antibody - Product Information

Primary Accession	O9NR28
Host	Rabbit
Clonality	Rabbit Polyclonal
Isotype	IgG
Calculated MW	27131

Anti-DIABLO Antibody - Additional Information

Gene ID **56616**

Other Names

direct IAP binding protein with low pI, Second mitochondria-derived activator of caspase, SMAC

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

Anti-DIABLO Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

Shipping

Blue Ice

Anti-DIABLO Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

Anti-DIABLO Antibody - Background

DIABLO (direct IAP binding protein with low pI) is a novel protein that can bind mammalian IAP homolog A (MIHA, also known as XIAP), and can also interact with MIHB and MIHC and the baculoviral IAP, OpiAP. DIABLO may promote apoptosis by binding to IAPs and preventing them from inhibiting caspases.
