

**PLIN2 Antibody**  
**Purified Mouse Monoclonal Antibody**  
**Catalog # AO1881a**

**Specification**

**PLIN2 Antibody - Product Information**

Application	<b>E, WB, IF, FC, IHC</b>
Primary Accession	<a href="#">O99541</a>
Reactivity	<b>Human</b>
Host	<b>Mouse</b>
Clonality	<b>Monoclonal</b>
Isotype	<b>IgG1</b>
Calculated MW	<b>48kDa KDa</b>

**Description**

The protein encoded by this gene belongs to the perilipin family, members of which coat intracellular lipid storage droplets. This protein is associated with the lipid globule surface membrane material, and maybe involved in development and maintenance of adipose tissue. However, it is not restricted to adipocytes as previously thought, but is found in a wide range of cultured cell lines, including fibroblasts, endothelial and epithelial cells, and tissues, such as lactating mammary gland, adrenal cortex, Sertoli and Leydig cells, and hepatocytes in alcoholic liver cirrhosis, suggesting that it may serve as a marker of lipid accumulation in diverse cell types and diseases. Alternatively spliced transcript variants have been found for this gene.

**Immunogen**

Purified recombinant fragment of human PLIN2 (AA: 286-437) expressed in E. Coli.

**Formulation**

Purified antibody in PBS with 0.05% sodium azide

**PLIN2 Antibody - Additional Information**

**Gene ID** 123

**Other Names**

Perilipin-2, Adipophilin, Adipose differentiation-related protein, ADRP, PLIN2, ADFP

**Dilution**

E~~1/10000  
WB~~1/500 - 1/2000  
IF~~1/200 - 1/1000  
FC~~1/200 - 1/400  
IHC~~1/200 - 1/1000

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

PLIN2 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

## PLIN2 Antibody - Protein Information

Name PLIN2 ([HGNC:248](#))

Synonyms ADFP

### Function

Structural component of lipid droplets, which is required for the formation and maintenance of lipid storage droplets.

### Cellular Location

Membrane {ECO:0000250|UniProtKB:P43883}; Peripheral membrane protein {ECO:0000250|UniProtKB:P43883}. Lipid droplet

### Tissue Location

Milk lipid globules..

## PLIN2 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

Figure 7: Immunohistochemical analysis of paraffin-embedded bladder cancer tissues using PLIN2 mouse mAb with DAB staining.

### **PLIN2 Antibody - Background**

This gene is a member of the caudal-related homeobox transcription factor gene family. The encoded protein is a major regulator of intestine-specific genes involved in cell growth and differentiation. This protein also plays a role in early embryonic development of the intestinal tract. Aberrant expression of this gene is associated with intestinal inflammation and tumorigenesis. ;
