

LASS6 Antibody (C-term)

Affinity Purified Rabbit Polyclonal Antibody (Pab) Catalog # AP17693b

Specification

LASS6 Antibody (C-term) - Product Information

WB,E **Application Primary Accession** O6ZMG9 Other Accession NP 982288.1 Reactivity Human Host **Rabbit** Clonality **Polyclonal** Isotype Rabbit IgG Calculated MW 44890 Antigen Region 335-361

LASS6 Antibody (C-term) - Additional Information

Gene ID 253782

Other Names

Ceramide synthase 6, CerS6, LAG1 longevity assurance homolog 6, CERS6, LASS6

Target/Specificity

This LASS6 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 335-361 amino acids from the C-terminal region of human LASS6.

Dilution

WB~~1:1000

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

LASS6 Antibody (C-term) is for research use only and not for use in diagnostic or therapeutic procedures.

LASS6 Antibody (C-term) - Protein Information

Name CERS6 (HGNC:23826)

Function Ceramide synthase that catalyzes the transfer of the acyl chain from acyl-CoA to a sphingoid base, with high selectivity toward palmitoyl-CoA (hexadecanoyl-CoA; C16:0-CoA)

(PubMed: 17609214, PubMed: 17977534, PubMed: 23530041, PubMed: 26887952,

PubMed:31916624). Can use other acyl donors, but with less efficiency (By similarity). N- acylates sphinganine and sphingosine bases to form dihydroceramides and ceramides in de novo synthesis and salvage pathways, respectively (PubMed:17977534, PubMed:23530041, PubMed:26887952, PubMed:31916624). Ceramides generated by CERS6 play a role in inflammatory response (By similarity). Acts as a regulator of metabolism and hepatic lipid accumulation (By similarity). Under high fat diet, palmitoyl- (C16:0-) ceramides generated by CERS6 specifically bind the mitochondrial fission factor MFF, thereby promoting mitochondrial fragmentation and contributing to the development of obesity (By similarity).

Cellular Location

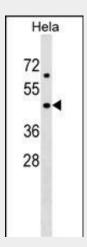

Endoplasmic reticulum membrane {ECO:0000250|UniProtKB:Q8C172}; Multi-pass membrane protein {ECO:0000250|UniProtKB:Q8C172}

LASS6 Antibody (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture

LASS6 Antibody (C-term) - Images

LASS6 Antibody (C-term) (Cat. #AP17693b) western blot analysis in Hela cell line lysates (35ug/lane). This demonstrates the LASS6 antibody detected the LASS6 protein (arrow).

LASS6 Antibody (C-term) - Background

LASS6 may be involved in sphingolipid synthesis or its regulation (By similarity).
