

RFTN1 Antibody (Center)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP20321c

Specification

RFTN1 Antibody (Center) - Product Information

Application	WB,E
Primary Accession	Q14699
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	63146
Antigen Region	169-198

RFTN1 Antibody (Center) - Additional Information

Gene ID 23180

Other Names

Raftlin, Cell migration-inducing gene 2 protein, Raft-linking protein, RFTN1, KIAA0084

Target/Specificity

This RFTN1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 169-198 amino acids from the Central region of human RFTN1.

Dilution

WB~~1:1000

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

RFTN1 Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

RFTN1 Antibody (Center) - Protein Information

Name RFTN1

Synonyms KIAA0084

Function Involved in protein trafficking via association with clathrin and AP2 complex

(PubMed:[21266579](#), PubMed:[27022195](#)). Upon bacterial lipopolysaccharide stimulation, mediates internalization of TLR4 to endosomes in dendritic cells and macrophages; and internalization of poly(I:C) to TLR3-positive endosomes in myeloid dendritic cells and epithelial cells; resulting in activation of TICAM1-mediated signaling and subsequent IFN β 1 production (PubMed:[21266579](#), PubMed:[27022195](#)). Involved in T-cell antigen receptor-mediated signaling by regulating tyrosine kinase LCK localization, T-cell dependent antibody production and cytokine secretion (By similarity). May regulate B-cell antigen receptor-mediated signaling (PubMed:[12805216](#)). May play a pivotal role in the formation and/or maintenance of lipid rafts (PubMed:[12805216](#)).

Cellular Location

Cell membrane; Lipid-anchor. Cytoplasm. Membrane raft. Endosome. Early endosome.
Note=Translocates from cytoplasm to cell membrane where it colocalizes with poly (I:C) and then moves to endosomes where it colocalizes with TLR3 (PubMed:[21266579](#)) Translocates from cytoplasm to cell membrane where it colocalizes with TLR4 and then together with TLR4 moves to endosomes, upon lipopolysaccharide stimulation (PubMed:[27022195](#))

Tissue Location

Expressed in B-cells (at protein level) (PubMed:[12805216](#)). Expressed in dendritic cells and macrophages (PubMed:[21266579](#), PubMed:[27022195](#)).

RFTN1 Antibody (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.
