

NDNF Antibody (N-term)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP5812a

Specification

NDNF Antibody (N-term) - Product Information

Application	WB, IHC-P, FC,E
Primary Accession	Q8TB73
Other Accession	NP_078850.3
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Antigen Region	80-109

NDNF Antibody (N-term) - Additional Information

Gene ID 79625

Other Names

Protein NDNF, Neuron-derived neurotrophic factor, NDNF, C4orf31

Target/Specificity

This C4orf31 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 80-109 amino acids of human C4orf31.

Dilution

WB~~1:1000
IHC-P~~1:50~100
FC~~1:10~50

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

NDNF Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

NDNF Antibody (N-term) - Protein Information

Name NDNF

Synonyms C4orf31

Function Secretory protein that plays a role in various cellular processes (PubMed:[20969804](#), PubMed:[24706764](#), PubMed:[31883645](#)). Acts as a chemorepellent acting on gonadotropin-releasing hormone (GnRH) expressing neurons regulating their migration to the hypothalamus (PubMed:[31883645](#)). Also promotes neuron migration, growth and survival as well as neurite outgrowth and is involved in the development of the olfactory system (PubMed:[20969804](#), PubMed:[31883645](#)). May also act through the regulation of growth factors activity and downstream signaling (PubMed:[31883645](#)). Also regulates extracellular matrix assembly and cell adhesiveness (By similarity). Promotes endothelial cell survival, vessel formation and plays an important role in the process of revascularization through NOS3-dependent mechanisms (PubMed:[24706764](#)).

Cellular Location

Secreted

Tissue Location

Expressed in neurons along the gonadotropin- releasing hormone (GnRH) expressing neurons migratory route

NDNF Antibody (N-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)

NDNF Antibody (N-term) - Images

NDNF Antibody (N-term) (Cat. #AP5812a) western blot analysis in 293 cell line lysates (35ug/lane). This demonstrates the NDNF antibody detected the NDNF protein (arrow).

NDNF Antibody (N-term) (Cat. #AP5812a) immunohistochemistry analysis in formalin fixed and paraffin embedded human lung carcinoma followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of the NDNF Antibody (N-term) for immunohistochemistry. Clinical relevance has not been evaluated.

NDNF Antibody (N-term) (Cat. #AP5812a) flow cytometric analysis of 293 cells (right histogram) compared to a negative control cell (left histogram). FITC-conjugated goat-anti-rabbit secondary antibodies were used for the analysis.

NDNF Antibody (N-term) - Background

Promotes matrix assembly and cell adhesiveness (By similarity).
