

Anti-Integrin alpha 8 HC Antibody
Rabbit polyclonal antibody to Integrin alpha 8 HC
Catalog # AP60329

Specification

Anti-Integrin alpha 8 HC Antibody - Product Information

Application	WB
Primary Accession	P53708
Other Accession	A2ARA8
Reactivity	Human, Mouse, Rat, Monkey
Host	Rabbit
Clonality	Polyclonal
Calculated MW	117474

Anti-Integrin alpha 8 HC Antibody - Additional Information

Gene ID 8516

Other Names
Integrin alpha-8

Target/Specificity
Recognizes endogenous levels of Integrin alpha 8 HC protein.

Dilution
WB~~WB (1/500 - 1/1000)

Format
Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.09% (W/V) sodium azide.

Storage
Store at -20 °C. Stable for 12 months from date of receipt

Anti-Integrin alpha 8 HC Antibody - Protein Information

Name ITGA8

Function
Integrin alpha-8/beta-1 functions in the genesis of kidney and probably of other organs by regulating the recruitment of mesenchymal cells into epithelial structures. It recognizes the sequence R-G-D in a wide array of ligands including TNC, FN1, SPP1 TGFB1, TGFB3 and VTN. NPNT is probably its functional ligand in kidney genesis. Neuronal receptor for TNC it mediates cell-cell interactions and regulates neurite outgrowth of sensory and motor neurons.

Cellular Location
Membrane; Single- pass type I membrane protein. Cell membrane

Tissue Location

Expressed in mesenchymal cells, including alveolar myofibroblasts, kidney mesangial cells and hepatic stellate cells and vascular and visceral smooth muscle (at protein level)

Anti-Integrin alpha 8 HC Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

Anti-Integrin alpha 8 HC Antibody - Images

Western blot analysis of Integrin alpha 8 HC expression in DLD (A) whole cell lysates.

Anti-Integrin alpha 8 HC Antibody - Background

KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human Integrin alpha 8 HC. The exact sequence is proprietary.
