

Anti-pro-NGF beta Antibody

Rabbit polyclonal antibody to pro-NGF beta Catalog # AP60349

Specification

Anti-pro-NGF beta Antibody - Product Information

Application WB
Primary Accession P01138
Other Accession P01139

Reactivity Human, Mouse, Rat

Host Rabbit
Clonality Polyclonal
Calculated MW 26959

Anti-pro-NGF beta Antibody - Additional Information

Gene ID 4803

Other Names

NGFB; Beta-nerve growth factor; Beta-NGF

Target/Specificity

Recognizes endogenous levels of pro-NGF beta protein.

Dilution

WB~~WB (1/500 - 1/1000)

Format

Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.09% (W/V) sodium azide.

Storage

Store at -20 °C. Stable for 12 months from date of receipt

Anti-pro-NGF beta Antibody - Protein Information

Name NGF

Synonyms NGFB

Function

Nerve growth factor is important for the development and maintenance of the sympathetic and sensory nervous systems (PubMed:14976160, PubMed:20978020). Extracellular ligand for the NTRK1 and NGFR receptors, activates cellular signaling cascades to regulate neuronal proliferation, differentiation and survival (Probable) (PubMed:20978020). The immature NGF precursor (proNGF) functions as a ligand for

Tel: 858.875.1900 Fax: 858.875.1999

the heterodimeric receptor formed by SORCS2 and NGFR, and activates cellular signaling cascades that lead to inactivation of RAC1 and/or RAC2, reorganization of the actin cytoskeleton and neuronal growth cone collapse. In contrast to mature NGF, the precursor form (proNGF) promotes neuronal apoptosis (in vitro) (By similarity). Inhibits metalloproteinase-dependent proteolysis of platelet glycoprotein VI (PubMed:20164177). Binds lysophosphatidylinositol and lysophosphatidylserine between the two chains of the homodimer. The lipid-bound form promotes histamine relase from mast cells, contrary to the lipid-free form (By similarity).

Cellular Location

Secreted. Endosome lumen {ECO:0000250|UniProtKB:P01139}. Note=ProNGF is endocytosed after binding to the cell surface receptor formed by SORT1 and NGFR {ECO:0000250|UniProtKB:P01139}

Anti-pro-NGF beta Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture

Anti-pro-NGF beta Antibody - Images

Western blot analysis of pro-NGF beta expression in H1792 (A), mouse lung (B), rat lung (C) whole cell lysates.

Anti-pro-NGF beta Antibody - Background

KLH-conjugated synthetic peptide encompassing a sequence within the center region of human pro-NGF beta. The exact sequence is proprietary.
