

**FASN Antibody**  
Rabbit mAb  
Catalog # AP91028

## Specification

---

### FASN Antibody - Product Information

Application	WB, IHC, FC, ICC, IP
Primary Accession	<a href="#">P49327</a>
Reactivity	Rat
Clonality	Monoclonal

#### Other Names

FASN; FAS; OA-519; SDR27X1; Fatty acid synthase;

Isotype	Rabbit IgG
Host	Rabbit
Calculated MW	273427 Da

### FASN Antibody - Additional Information

Purification	<b>Affinity-chromatography</b>
Immunogen	<b>A synthesized peptide derived from human FASN</b>
Description	<b>Fatty acid synthase (FASN) catalyzes the synthesis of long-chain fatty acids from acetyl-CoA and malonyl-CoA. FASN is active as a homodimer with seven different catalytic activities and produces lipids in the liver for export to metabolically active tissues or storage in adipose tissue. In most other human tissues, FASN is minimally expressed since they rely on circulating fatty acids for new structural lipid synthesis.</b>
Storage Condition and Buffer	<b>Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.</b>

### FASN Antibody - Protein Information

**Name** FASN

**Synonyms** FAS

#### Function

Fatty acid synthetase is a multifunctional enzyme that catalyzes the de novo biosynthesis of long-chain saturated fatty acids starting from acetyl-CoA and malonyl-CoA in the presence of NADPH. This multifunctional protein contains 7 catalytic activities and a site for the binding of the

prosthetic group 4'-phosphopantetheine of the acyl carrier protein ([ACP]) domain.

#### **Cellular Location**

Cytoplasm. Melanosome. Note=Identified by mass spectrometry in melanosome fractions from stage I to stage IV

#### **Tissue Location**

Ubiquitous. Prominent expression in brain, lung, liver and mammary gland.

### **FASN Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

### **FASN Antibody - Images**

Western blot analysis of FASN expression in A549 cell lysate.
