

**Fas Antibody**  
**Rabbit mAb**  
**Catalog # AP91031**

## Specification

---

### Fas Antibody - Product Information

Application	WB, IHC, FC, ICC
Primary Accession	<a href="#">P25445</a>
Clonality	Monoclonal
<b>Other Names</b>	
FAS; ALPS1A; APO-1; APT1; CD95; FAS1; FASTM; TNFRSF6;	
Isotype	Rabbit IgG
Host	Rabbit
Calculated MW	37732 Da

### Fas Antibody - Additional Information

Purification	Affinity-chromatography
Immunogen	A synthesized peptide derived from human Fas
Description	Receptor for TNFSF6/FASLG. The adapter molecule FADD recruits caspase-8 to the activated receptor. The resulting death-inducing signaling complex (DISC) performs caspase-8 proteolytic activation which initiates the subsequent cascade of caspases (aspartate-specific cysteine proteases) mediating apoptosis.
Storage Condition and Buffer	Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

### Fas Antibody - Protein Information

**Name** FAS

**Synonyms** APT1, FAS1, TNFRSF6

#### Function

Receptor for TNFSF6/FASLG. The adapter molecule FADD recruits caspase CASP8 to the activated receptor. The resulting death-inducing signaling complex (DISC) performs CASP8 proteolytic activation which initiates the subsequent cascade of caspases (aspartate-specific cysteine proteases) mediating apoptosis. FAS-mediated apoptosis may have a role in the induction of peripheral tolerance, in the antigen- stimulated suicide of mature T-cells, or both. The secreted isoforms 2 to 6 block apoptosis (in vitro).

**Cellular Location**

[Isoform 1]: Cell membrane; Single-pass type I membrane protein. Membrane raft [Isoform 3]: Secreted. [Isoform 5]: Secreted.

**Tissue Location**

Isoform 1 and isoform 6 are expressed at equal levels in resting peripheral blood mononuclear cells. After activation there is an increase in isoform 1 and decrease in the levels of isoform 6.

**Fas Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

**Fas Antibody - Images**

Western blot analysis of Fas expression in Ramos cell lysate.
