

Perilipin A Antibody

Rabbit mAb Catalog # AP91195

Specification

Perilipin A Antibody - Product Information

Application WB, ICC
Primary Accession O60240
Clonality Monoclonal

Other Names

Lipid droplet associated protein; PERI; Perilipin-1; PerilipinA; LIN1;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 55990 Da

Perilipin A Antibody - Additional Information

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

Perilipin A

Description Modulator of adipocyte lipid metabolism.

Coats lipid storage droplets to protect

them from breakdown by

hormone-sensitive lipase (HSL). Its absence may result in leanness.

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

Perilipin A Antibody - Protein Information

Name PLIN1

Synonyms PERI, PLIN

Function

Modulator of adipocyte lipid metabolism. Coats lipid storage droplets to protect them from breakdown by hormone-sensitive lipase (HSL). Its absence may result in leanness. Plays a role in unilocular lipid droplet formation by activating CIDEC. Their interaction promotes lipid droplet enlargement and directional net neutral lipid transfer. May modulate lipolysis and triglyceride levels.

Cellular Location

Endoplasmic reticulum. Lipid droplet. Note=Lipid droplet surface-associated.

Tissue Location

Tel: 858.875.1900 Fax: 858.875.1999

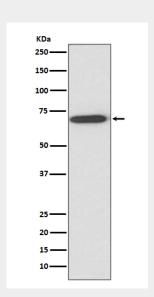

Detected in adipocytes from white adipose tissue (at protein level) (PubMed:27832861). Detected in visceral adipose tissue and mammary gland (PubMed:9521880)

Perilipin A Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

Perilipin A Antibody - Images

Western blot analysis of Perilipin A expression in human fetal liver lysate.
