

**Alpha Fodrin Antibody**  
**Rabbit mAb**  
**Catalog # AP91370****Specification**

---

**Alpha Fodrin Antibody - Product Information**

Application	WB, IHC, IP
Primary Accession	<a href="#">Q13813</a>
Reactivity	Rat
Clonality	Monoclonal
<b>Other Names</b>	
Alpha II Spectrin; EIEE5; Fodrin alpha chain; NEAS; SPECA; Spectrin; Spna2; SPTAN1;	
Isotype	Rabbit IgG
Host	Rabbit
Calculated MW	284539 Da

**Alpha Fodrin Antibody - Additional Information**

Purification	Affinity-chromatography
Immunogen	A synthesized peptide derived from human Alpha Fodrin
Description	Fodrin (also named nonerythroid spectrin) is a universally expressed membrane-associated cytoskeletal protein consisting of alpha- and beta-subunits (1). This protein is important for maintaining normal membrane structure and supporting cell surface protein function (1). Alpha-fodrin is one of the primary targets cleaved by caspases during apoptosis.
Storage Condition and Buffer	Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

**Alpha Fodrin Antibody - Protein Information****Name** SPTAN1**Synonyms** NEAS, SPTA2**Function**

Fodrin, which seems to be involved in secretion, interacts with calmodulin in a calcium-dependent manner and is thus candidate for the calcium-dependent movement of the cytoskeleton at the membrane.

**Cellular Location**

Cytoplasm, cytoskeleton. Cytoplasm, cell cortex. Note=Expressed along the cell membrane in podocytes and presumptive tubule cells during glomerulogenesis and is expressed along lateral cell margins in tubule cells.

**Alpha Fodrin Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

**Alpha Fodrin Antibody - Images**

Western blot analysis of Alpha Fodrin expression in HeLa cell lysate treated with Camptothecin.
