

**ICOS Antibody**  
Rabbit mAb  
Catalog # AP92346

## Specification

---

### ICOS Antibody - Product Information

Application	WB, FC, ICC
Primary Accession	<a href="#">O9Y6W8</a>
Reactivity	Rat
Clonality	Monoclonal
<b>Other Names</b>	
AILIM; CD278; CRP1; CVID1; ICOS;	
Isotype	Rabbit IgG
Host	Rabbit
Calculated MW	22625 Da

### ICOS Antibody - Additional Information

Purification	<b>Affinity-chromatography</b>
Immunogen	<b>A synthesized peptide derived from human ICOS</b>
Description	<b>Enhances all basic T-cell responses to a foreign antigen, namely proliferation, secretion of lymphokines, up-regulation of molecules that mediate cell-cell interaction, and effective help for antibody secretion by B-cells.</b>
Storage Condition and Buffer	<b>Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.</b>

### ICOS Antibody - Protein Information

**Name** ICOS

**Synonyms** AILIM

#### **Function**

Enhances all basic T-cell responses to a foreign antigen, namely proliferation, secretion of lymphokines, up-regulation of molecules that mediate cell-cell interaction, and effective help for antibody secretion by B-cells. Essential both for efficient interaction between T and B-cells and for normal antibody responses to T-cell dependent antigens. Does not up-regulate the production of interleukin- 2, but superinduces the synthesis of interleukin-10. Prevents the apoptosis of pre-activated T-cells. Plays a critical role in CD40- mediated class switching of immunoglobulin isotypes (By similarity).

### Cellular Location

[Isoform 1]: Cell membrane; Single- pass type I membrane protein

### Tissue Location

Activated T-cells. Highly expressed on tonsillar T- cells, which are closely associated with B-cells in the apical light zone of germinal centers, the site of terminal B-cell maturation Expressed at lower levels in thymus, lung, lymph node and peripheral blood leukocytes. Expressed in the medulla of fetal and newborn thymus

### ICOS Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

### ICOS Antibody - Images

Western blot analysis of ICOS expression in Jurkat cell lysate.
