

MCM6 Antibody

Rabbit mAb Catalog # AP93087

Specification

MCM6 Antibody - Product Information

Application WB, IHC, FC, ICC, IP

Primary Accession
Reactivity
Rat
Clonality
Monoclonal

Other Names Mcm6; Mis5;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 92889 Da

MCM6 Antibody - Additional Information

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

MCM6

Description Acts as component of the MCM2-7 complex

(MCM complex) which is the putative replicative helicase essential for 'once per cell cycle' DNA replication initiation and

elongation in eukaryotic cells.

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

MCM6 Antibody - Protein Information

Name MCM6 (HGNC:6949)

Function

Acts as a component of the MCM2-7 complex (MCM complex) which is the replicative helicase essential for 'once per cell cycle' DNA replication initiation and elongation in eukaryotic cells. Core component of CDC45-MCM-GINS (CMG) helicase, the molecular machine that unwinds template DNA during replication, and around which the replisome is built (PubMed:16899510, PubMed:32453425, PubMed:34694004, PubMed:34700328, PubMed:35585232, PubMed:9305914). The active ATPase sites in the MCM2-7 ring are formed through the interaction surfaces of two neighboring

subunits such that a critical structure of a conserved arginine finger motif is provided in trans relative to the ATP-binding site of the Walker A box of the adjacent subunit. The six ATPase active sites, however, are likely to contribute differentially to the complex helicase activity (PubMed:32453425).

Cellular Location

Nucleus. Chromosome. Note=Binds to chromatin during G1 and detaches from it during S phase.

MCM6 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture

MCM6 Antibody - Images

Western blot analysis of MCM6 expression in (1) MCF7 cell lysate; (2) NIH/3T3 cell lysate.
