

IL13 Antibody

Rabbit mAb Catalog # AP93129

Specification

IL13 Antibody - Product Information

Application WB
Primary Accession P35225
Clonality Monoclonal

Other Names

ALRH; BHR1; II13; Interleukin 13; NC30; P600;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 15816 Da

IL13 Antibody - Additional Information

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

IL13

Description Cytokine (PubMed:8096327,

PubMed:8097324). Inhibits inflammatory cytokine production (PubMed:8096327). Synergizes with IL2 in regulating

interferon-gamma synthesis

(PubMed:8096327).

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline ,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

IL13 Antibody - Protein Information

Name IL13

Synonyms NC30

Function

Cytokine that plays important roles in allergic inflammation and immune response to parasite infection (PubMed: <a href="http://www.uniprot.org/citations/8096327"

target="_blank">8096327, PubMed:8097324). Synergizes with IL2 in regulating interferon-gamma synthesis (PubMed:8096327). Stimulates B-cell proliferation, and activation of eosinophils, basophils, and mast cells (PubMed:7903680, PubMed:8759755). Plays an important role in controlling IL33 activity by modulating the production of transmembrane and

soluble forms of interleukin-1 receptor-like 1/IL1RL1 (By similarity). Displays the capacity to antagonize Th1-driven proinflammatory immune response and downregulates synthesis of many proinflammatory cytokines including IL1, IL6, IL10, IL12 and TNF-alpha through a mechanism that partially involves suppression of NF-kappa-B (By similarity). Functions also on nonhematopoietic cells, including endothelial cells where it induces vascular cell adhesion protein 1/VCAM1, which is important in the recruitment of eosinophils (PubMed:8639787). Exerts its biological effects through its receptors which comprises the IL4R chain and the IL13RA1 chain, to activate JAK1 and TYK2, leading to the activation of STAT6 (PubMed:9013879). Aside from IL13RA1, another receptor IL13RA2 acts as a high affinity decoy for IL13 and mediates internalization and depletion of extracellular IL13 (PubMed:21622864).

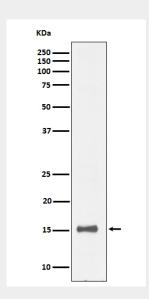

Cellular Location Secreted.

IL13 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

IL13 Antibody - Images

Western blot analysis of IL13 expression in human recombinant protein cell lysate.
