

#### Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) Recombinant Antibody

Catalog # APR11011

### Specification

# Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) - Product Information

Application Primary Accession Reactivity Clonality Isotype Calculated MW FC, E, FTA <u>075594</u> Human Monoclonal IgG4SP 150 KDa

### Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) - Additional Information

Target/Specificity PGLYRP1 / PGRP-S

**Endotoxin** < 0.001EU/ μg,determined by LAL method.

Conjugation Unconjugated

Expression system CHO Cell

Format

Purified monoclonal antibody supplied in PBS, pH6.0, without preservative. This antibody is purified through a protein A column.

## Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) - Protein Information

Name PGLYRP1

Synonyms PGLYRP, PGRP, TNFSF3L

Function

Innate immunity protein that plays several important functions in antimicrobial and antitumor defense systems. Acts as a pattern receptor that binds to murein peptidoglycans (PGN) of Grampositive bacteria and thus provides bactericidal activity (PubMed:<a

href="http://www.uniprot.org/citations/9707603" target="\_blank">9707603</a>). Forms an equimolar complex with heat shock protein HSPA1A and induces programmed cell death through apoptosis and necroptosis in tumor cell lines by activating the TNFR1 receptor on the target cell membrane (PubMed:<a href="http://www.uniprot.org/citations/21247889"

target="\_blank">21247889</a>, PubMed:<a href="http://www.uniprot.org/citations/26183779" target="\_blank">26183779</a>). In addition, acts in complex with the Ca(2+)-binding protein S100A4 as a chemoattractant able to induce lymphocyte movement (PubMed:<a href="http://www.uniprot.org/citations/26654597" target="\_blank">26654597</a>). Mechanistically, this complex acts as a ligand of the chemotactic receptors CCR5 and CXCR3 which are present on the cells of the immune system (PubMed:<a href="http://www.uniprot.org/citations/30713770" target="\_blank">30713770</a>). Promotes also the activation of lymphocytes that become able to kill virus-infected cells as well as tumor cells by modulating the spectrum of their target-cell specificity (PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">28977785</a>, PubMed:<a href="http://www.uniprot.org/citations/29083508" target="\_blank">29083508</a>). Induction of cytotoxicity on monocyte surface requires interaction with TREM1 receptor (PubMed:<a href="http://www.uniprot.org/citations/25595774" target="\_blank">25595774</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">25977785</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">2597774</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">25977785</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">28977785</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">259774</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">28977785</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">28977785</a>, PubMed:<a href="http://www.uniprot.org/citations/28977785" target="\_blank">28977785</a>, PubMed:<a

Cellular Location Secreted. Cytoplasmic granule

#### **Tissue Location**

Highly expressed in bone marrow. Weak expression found in kidney, liver, small intestine, spleen, thymus, peripheral leukocyte, lung, fetal spleen and neutrophils

## Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- <u>Western Blot</u>
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- <u>Cell Culture</u>

Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) - Images

Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) on SDS-PAGE under reducing (R) condition. The gel was stained with Coomassie Blue. The purity of the protein is greater than 90%

The purity of Anti-PGLYRP1 / PGRP-S Reference Antibody (Novo Nordisk patent anti-PGLYRP1) is more than 95% ,determined by SEC-HPLC.
