

TIMM50 Antibody (N-term)
Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AW5314

Specification

TIMM50 Antibody (N-term) - Product Information

Application	WB,E
Primary Accession	O3ZCQ8
Reactivity	Human
Host	Rabbit
Clonality	polyclonal
Calculated MW	H=40,50 KDa
Isotype	Rabbit IgG
Antigen Source	HUMAN

TIMM50 Antibody (N-term) - Additional Information

Gene ID 92609

Antigen Region
25-56

Other Names
Mitochondrial import inner membrane translocase subunit TIM50, TIMM50, TIM50

Dilution
WB~~1:1000

Target/Specificity
This TIMM50 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 25-56 amino acids from the N-terminal region of human TIMM50.

Format
Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage
Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions
TIMM50 Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

TIMM50 Antibody (N-term) - Protein Information

Name TIMM50

Synonyms TIM50

Function

Essential component of the TIM23 complex, a complex that mediates the translocation of transit peptide-containing proteins across the mitochondrial inner membrane. Has some phosphatase activity in vitro; however such activity may not be relevant in vivo.

Cellular Location

Mitochondrion inner membrane; Single-pass membrane protein

Tissue Location

Widely expressed. Expressed at higher level in brain, kidney and liver (at protein level)

TIMM50 Antibody (N-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

TIMM50 Antibody (N-term) - Images

Western blot analysis of lysates from HeLa, HepG2, SH-SY5Y cell line (from left to right), using TIMM50 Antibody (N-term) (Cat. #AW5314). AW5314 was diluted at 1:1000 at each lane. A goat anti-rabbit IgG H&L (HRP) at 1:10000 dilution was used as the secondary antibody. Lysates at 20ug per lane.

TIMM50 Antibody (N-term) - Background

Essential component of the TIM23 complex, a complex that mediates the translocation of transit peptide-containing proteins across the mitochondrial inner membrane. Has some phosphatase

activity in vitro; however such activity may not be relevant in vivo. Isoform 2 may participate in the release of snRNPs and SMN from the Cajal body.
