

INSRR Antibody (Center)
Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AW5413

Specification

INSRR Antibody (Center) - Product Information

Application	WB, IHC-P,E
Primary Accession	P14616
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Calculated MW	H=144 KDa
Isotype	Rabbit IgG
Antigen Source	HUMAN

INSRR Antibody (Center) - Additional Information

Gene ID 3645

Antigen Region
668-702

Other Names

Insulin receptor-related protein, IRR, IR-related receptor, Insulin receptor-related protein alpha chain, Insulin receptor-related protein beta chain, INSRR, IRR

Dilution

WB~~1:1000
IHC-P~~1:25

Target/Specificity

This INSRR antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 668-702 amino acids from the Central region of human INSRR.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

INSRR Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

INSRR Antibody (Center) - Protein Information

Name INSRR

Synonyms IRR

Function

Receptor with tyrosine-protein kinase activity. Functions as a pH sensing receptor which is activated by increased extracellular pH. Activates an intracellular signaling pathway that involves IRS1 and AKT1/PKB.

Cellular Location

Membrane; Single-pass type I membrane protein.

INSRR Antibody (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.
