

## (DANRE) Evala Blocking Peptide (Center)

Synthetic peptide Catalog # BP21171a

## **Specification**

## (DANRE) Evala Blocking Peptide (Center) - Product Information

**Primary Accession** 

**Q08CB3** 

## (DANRE) Evala Blocking Peptide (Center) - Additional Information

**Gene ID** 767647

#### **Other Names**

Protein eva-1 homolog A, Protein FAM176A, Transmembrane protein 166, Eva1a, fam176a, tmem166

### Target/Specificity

The synthetic peptide sequence is selected from aa 104-117 of HUMAN Evala

#### **Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

### Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

#### **Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

### (DANRE) Evala Blocking Peptide (Center) - Protein Information

Name Evala

Synonyms fam176a, tmem166

#### **Function**

Acts as a regulator of programmed cell death, mediating both autophagy and apoptosis.

### **Cellular Location**

Endoplasmic reticulum membrane; Single-pass membrane protein. Lysosome membrane; Single-pass membrane protein

## (DANRE) Evala Blocking Peptide (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.

# • Blocking Peptides
